

## CABLE LOCKOUTS

Cable lockouts are ideal for multiple circuit break panel and side-by-side valve lockouts. These Cable Lockouts are also easy to use, simply feed the cable end through the points to be locked out, then back through the lockout body. After that, it's a case of cinching it tight to remove any slack within the Cable Lockout's patented locking fixture.

### S806 CABLE LOCKOUT 4MM X 1830MM

- 4mm diameter x 1830mm pull-tight cable adjusts for a secure fit every time
- Tough, lightweight Zenex thermoplastic body withstands chemicals
- Performs effectively in extreme conditions (-50°F to +300°F)
