

VALVE LOCKOUTS

Our range of Valve Lockouts include exclusive Master Lock gate and valve lockout devices. These Valve Lockouts will work in difficult applications, such as tight spaces and on insulated pipes.

484 ROTATING GATE VALVE LOCKOUT: 203-330MM DIA.

- Outward/inward rotation allows for easier installation and storage
- Surrounds the valve operating handle to protect against accidental valve opening
- Unique patent-pending rotating design allows for easier installation in confined space applications
- Each size rotates into itself and nests into the next larger size to save space in safety tool boxes
- Center knockout can be removed for rising stem gate valves
- Multiple workers can apply their personal safety locks
- Complete with high-visibility permanent safety labels (English, French & Spanish) - that can be written-on to identify the responsible person, then erased for the next job
- Tough, lightweight, dielectric Zenex thermoplastic bodies withstand chemicals
- Perform effectively in extreme conditions (temperature range: -50°F (-46°C) to 350°F (177°C))
- Fits 203 to 330mm diameter valve handles
