

CABLE LOCKOUTS

Cable lockouts are ideal for multiple circuit break panel and side-by-side valve lockouts. These Cable Lockouts are also easy to use, simply feed the cable end through the points to be locked out, then back through the lockout body. After that, it's a case of cinching it tight to remove any slack within the Cable Lockout's patented locking fixture.

S856 CABLE LOCKOUT 3.3MM X 2740MM

BEST SELLER

- Cable lockout with adjustable Steel Core Cable
- Patented 1/8in (3.3mm) diameter x 9ft (2.74m) cable features a red plastic coating for added durability and visibility
- Cable reel acts as Cable Management System to allow for easier application and protected storage of the cable
- Tough, lightweight thermoplastic body withstands chemicals
- Ergonomic design eases operation when wearing gloves
- Contoured design provides ability to stack, transport, and store multiple devices
- Suitable for group or multi-point lockout
- Includes high-visibility, write-on safety labels in English, Spanish and French for easy identification
- Additional language labels available separately
- Replacement cables PKGP52709 (steel cable) and PKGP52711 (nylon cable) available separately; can use either cable type in same device
