

CONVEX SAFETY MIRRORS

Our convex safety mirrors offer added safety and security by improving surveillance and eliminating blindspots. With their expert design they can be used in a diverse range of environments and situations to ensure protection.

HALF FACE POLYCARBONATE MIRROR - 3MM

- The half dome is ideal for use in cells, day rooms, visitor areas, or any other area that requires wide area surveillance
- It is also perfect at T-junctions, eliminating blind spots around corners
- Widely used in hospital psychiatric wards, prisons and police stations
- Prevents surprise attacks or collisions
- Ensures staff, patient and inmate safety
- Shatterproof Polycarbonate face withstands repeated blows
- High heat resistance (240-degrees)
- Rigid steel frame bolts to wall and ceiling - preventing removal
- Vacuum metallised coating - Gives the brightest sharpest reflection
- Optional foam insert available (see fixing kits)

SKU: M17537H
