SECURIKEY®

482 Rotating Gate Valve Lockout: 64mm – 170mm Dia.

482 Rotating Gate Valve Lockout: 64-170mm Dia.

- Outward/inward rotation allows for easier installation and storage
- Surrounds the valve operating handle to protect against accidental valve opening
- Rotating design allows for easier installation in confined space applications
- Each size rotates into itself and nests into the next larger size to save space in safety tool boxes
- Center knockout can be removed for rising stem gate valves
  Multiple workers can apply their personal safety locks
- Complete with high-visibility permanent safety labels (English, French & Spanish) – that can be written-on to identify the responsible person, then erased for the next job
- Tough, lightweight, dielectric Zenex thermoplastic bodies withstand chemicals
- Perform effectively in extreme conditions (temperature range: -50°F (-46°C) to 350°F (177°C)
- Fits 64mm to 170mm diameter valve handles
