Medicine Cabinet 200D

SECURITY CABINETS & BOXES

The secure storage of both drugs and firearms is very strictly controlled. Where as cash and valuables risk is covered by an insurer, an inadequate provision made by a company or individual for keeping dangerous drugs and armaments can result in personal prosecution and subsequent incarceration. This range of products will ensure you comply to the relevant standard.

Medical and Pharmaceutical Storage

Our range of Medical Storage Cabinets are designed using our extensive knowledge of the protection and control of cash and valuables. The 'Bronze Level' Medical Cabinet is suitable for storing general First Aid items, whilst the 'Gold' and 'Silver' units are perfect for drugs that are governed by the Home Office Drugs Inspectorate.

Medical Cabinet 3

Medicine Cabinet 200D internal

- Bronze level cabinet features: 1.5mm pressed steel construction with security cam lock, shelves and lockable inner compartment.
- Silver level cabinets feature: 2mm body with 5mm door fitted with digital lock.
- Gold level cabinet to EN14550 (page 30).

Gold and Silver cabinets conform to the construction required for the misuse of drugs (safe custody) regulation 1973.

Secure Stor

(£2,000 cash rating)*

Secure Stor offers an economic solution to the ever increasing problem of safe storage of high value bulk items, including the safekeeping of medical and pharmaceutical supplies.

Whilst built to the same exacting standards as the Euro Grade range, these units are tested to EN14450-S1 and certified by VdS in Germany. Manufactured with a 3mm solid steel body, with 3-way locking mechanism and VdS approved class 1 safe lock. The internal hinges allow the door to open 102°. Hardened steel plates protect all other areas prone to attack. Available in five sizes with alternative locking options, the cabinet is supplied with prepared base fixing points and shelves.

Multiple locking options (see page 45)

Deposit options (see page 22)

Gun & Ammunition Cabinets

These gun and rifle cabinets exceed the UK standard (BS 7558) for storing firearms and utilise 3-way 25mm locking bolts, secured by a single high security key lock to EN 1300. Concealed hinges and continuous hinge side protection offer superior resistance from attack.

- Multi point locking with 8-lever safe lock.
- Gun cabinets are supplied with a trigger lock to prevent unauthorised use of a firearm during transportation.
- Ammunition cabinet in two sizes is fitted with an electronic lock and key override.

Post Boxes

HIGH SECURITY POST BOXES:

Our sleek, weatherproof High Security Post Boxes are available in two sizes and have been designed for outdoor environments to protect letters and small packets from theft. As part of our One Key Solution range, High Security Post Boxes offers the potential for integration with existing 'single key' systems, simplifying security and offering increased flexibility.

- 1.5mm thick steel with Euro Profile locking.

STANDARD POST BOXES:

Utilising high grade steel, powder coating and high quality cam lock, these fabricated post boxes are built to the same exacting standards as our 'System' key cabinets. Available in two sizes with the option of front or top loading, both sizes will accept A4 comfortably. To avoid rattling in strong winds, noise dampening materials have been incorporated.

- Quality cam lock and powder-coated finish to give years of service.
